Ambassador Program - Application Form

Thank you for your interest in CSD's Ambassador Program!

A CSD Ambassador is a member in good standing who teaches dowsing skills professionally, and who encourages dowsing students to connect with the CSD network as a source of continuing education and networking with other dowsers. New Ambassador appointments are made annually by the Ambassador Coordinator.

CSD provides each Ambassador with a certificate, business cards, and general brochures describing the purposes and membership benefits of CSD, which Ambassadors display on their tables at workshops, lectures, individual tutorials and other events. The Ambassador Program Coordinator checks regularly with each Ambassador, and replenishes their printed supplies as needed.
